Summary

Aspiring Full-Stack Web Developer and recent graduate of the Coding Boot Camp at Northwestern University with a background in Engineering and Higher Education Administration looking to make a career shift. As both a problem-solver and fast learner, I am passionate about gaining new skills and knowledge in order to solve challenging issues with increasing efficiency. I am detail-oriented and collaborative by nature, which positions me well to be a productive and supportive addition to a web team.

Software Languages

Front-End: HTML5, CSS, Bootstrap, JavaScript, JQuery, Handlebars, React

Back-End: Node, Express, MySQL, Sequelize, MongoDB, Mongoose

Education

Full-Stack Web Development Certificate	May 2023
Northwestern University Remote	
Master of Arts in College Student Personnel	May 2019
Bowling Green State University Bowling Green, OH	
Bachelor of Science in Mechanical Engineering	May 2017
Purdue University West Lafayette, IN	

Projects

Calendar App: github.com/michael-loeffler/Calendar-App | sleepy-sierra-54387.herokuapp.com/

- Full-Stack, single-page calendar application allowing users to sign-in and create, update, or delete events to stay organized
- Main Contributions: Back-end configuration (queries/mutations), Drag to Create events, Moving/Resizing events, Pre-populating forms with expected data
- Tools/Languages Used: MERN Stack, Apollo/GraphQL, React-Big-Calendar, JWT Authentication

E-commerce Site: github.com/michael-loeffler/Shoe-Store | mighty-brushlands-95444.herokuapp.com/

- Full-Stack e-commerce website allowing users to sort results by desired criteria, as well as access Wishlist and Cart features once they create an account and sign-in
- Main Contributions: Sign-Up/Login process, Wishlist and Cart features, CRUD operations, conditional rendering
- Tools/Languages Used: MySQL, Sequelize, Handlebars, Express-Session, dotenv, Bootstrap, EmailJS

Tech Blog: github.com/michael-loeffler/Tech-Blog | shrouded-gorge-55801.herokuapp.com/

- Full-Stack blog web application allowing users to create, update & delete posts, as well as comments on other posts
- Main Contributions: Sign-Up/Login process, creating Handlebars templates, CRUD operations, conditional rendering
- Tools/Languages Used: MySQL, Sequelize, Handlebars, Express-Session, dotenv, Bootstrap

Weather Dashboard: github.com/michael-loeffler/Weather-Dashboard | michael-loeffler.github.io/Weather-Dashboard/

- Front-End web application that utilizes the OpenWeatherMap API to fetch weather data for a city based on user input
- Main Contributions: Data processing before/after fetch, leveraging LocalStorage, dynamically rendering elements
- Tools/Languages Used: HTML, Bootstrap, JavaScript, JQuery, DayJS, OpenWeather API

Experience

Registration Assistant Northwestern University, Kellogg School of Management	Sep. 2022 – Present
<ul style="list-style-type: none">• Serves as customer service representative and administrator of graduate student support programs• Updates and improves departmental webpages using Sitecore Experience Manager and HTML• Fields and resolves inquiries from MBA students/alumni via email and phone (1,800+ emails to date)• Coordinates the administration of midterm and final exams (approximately 1,200 per quarter), as well as testing accommodations	
Assistant Director of Orientation Northeastern Illinois University	Aug. 2019 – Mar. 2022
Graduate Orientation Coordinator Bowling Green State University	Aug. 2017 – July 2019
